Welcoming Message

A warm welcome to the International Conference on Trade Settlement and Bilateral Relations 2020: Implications for KOREA, hosted by BK21 Plus Center for International Trade Dispute Resolution of Dong-A University and The Korean Society of Contemporary European Studies.

Our economy is closely connected with the World Economy. Korea's trade dependency (trade volume/GDP) is over 70%. The global issues, such as "US-China trade dispute" and "Brexit", affect Korean economy. In order to avoid the uncertainty of Brexit, Korea and the United Kingdom has signed the FTA in 2019.

The European Union is the 3rd largest trading partner to Korea. Korea is 8th largest trading partner to the European Union. With Korea-EU FTA, the economic ties between Korea and the EU has been strengthened. Korea-EU strategic partnership declared in 2010 has been upgrading our bilateral cooperation.

Today, The BK21 Plus center for International Trade Dispute Resolution and the Korean Society of Contemporary European Studies are pleased to prepare the exchange of ideas and visions between distinguished scholars and experts about the global trade issues and the bilateral relations.

We would like to express our deep gratitude to all presenters, discussants, session chairs, and attendees for sharing their valuable ideas and experiences.

Welcome again to the International Conference on Trade Dispute Settlement and Bilateral relations 2020: Implications for KOREA and enjoy the pleasant conference here in Busan.
